#### Wrong Marks: 0

Some words have been deleted from the passage given below. Select the correct option to fill in each blank sequentially.

Around the world, forests are being destroyed at a rate of about thirteen million hectares a year and \_\_\_\_\_ accounts for an estimated 17%-20% of all global emissions. In \_\_\_\_\_, forests and other terrestrial carbon sinks play a vital role in \_\_\_\_ runaway climate change, soaking up a full 2.6 Gt of atmospheric carbon every year. The destruction of forests, therefore, not only emits carbon - a staggering 1.6 Gt a year, which severely impairs forests capacity to \_\_\_\_ emissions from other sources - but also drastically reduces the amount of forested land available to act as a carbon sink in the future.

#### **Options:**

- 1. \* degradation, extension, forbidding, consume
- 2. \* afforestation, inclusion, prohibiting, ingest
- 3. deforestation, addition, preventing, absorb
- 4. wupgradation, accession, restraining, swallow

# Question Number: 2 Question Id: 630680175398 Is Question Mandatory: No Calculator: None Response Time: N.A Think Time: N.A Minimum Instruction Time: 0

**Question Numbers: (13 to 15)** 

Read the passage and answer the question that follows.

Everybody wants to succeed in life. For some, success means achieving whatever they desire or dream. For many it is the name, fame and social position. Whatever be the meaning of success, it is success which makes a man popular.

All great men have been successful. They are remembered for their great achievements. But it is certain that success comes to those who are sincere, hardworking, loyal and committed to their goals. Success has been man's greatest motivation. It is very important for all. Success has a great effect on life. It brings pleasure and pride. It gives a sense of fulfilment. It means all-around development. Everybody hopes to be successful in life. But success smiles on those who have a proper approach, planning, vision and stamina. A proper and timely application of all these things is bound to bear fruit. One cannot be successful without cultivating these certain basic things in life. It is very difficult to set out on a journey without knowing one's goals and purposes. Clarity of the objective is a must to succeed in life. A focused approach with proper planning is certain to bring success. Indecision and insincerity are big obstacles on the path to success.

One should have the capability, capacity and resources to turn one's dreams into reality. Mere desire cannot bring you success. The desire should be weighed against factors like capability and resources. This is the basic requirement of success. The next important thing is the eagerness, seriousness and the urge to be successful. It is the driving force which decides the success. It is the first step on the ladder of success.

One needs to pursue one's goals with all one's sincerity and passion. One should always be in high spirit. Lack of such spirit leads to an inferiority complex which is a big obstruction on the path to success. Time is also a deciding factor. Only the punctual and committed have succeeded in life. Lives of great men are examples of this. They had all these qualities in plenty which helped them rise to the peak of success.

Hard labour is one of the basic requirements of success. There is no substitute for hard labour. It alone can take one to the peak of success. Every success has a ratio of five percent inspiration and ninety-five percent perspiration. It is the patience, persistence and perseverance which play a decisive role in achieving success. Failures are the pillars of success as they are our stepping-stones and we must get up and start again and be motivated.

दिए गए गद्यांश को पढ़िए और प्रश्न का उत्तर दीजिए।

'आंचिलक' शब्द अंग्रेज़ी के रीजनल शब्द के पर्याय के रूप में हिंदी में प्रयुक्त हुआ है। अंग्रेज़ी में तीन लेखक आंचिलक उपन्यासकार के रूप में विशेष प्रसिद्ध हुए हैं: टामस हार्डी, ऑर्नाल्ड बैनेट और विलियम फॉक्नर। 'हिंदी साहित्यकोश कोश' में कहा गया है कि "लेखक द्वारा अपनी रचना में 'आंचिलकता की सिद्धि के लिए स्थानीय दृश्यों, प्रकृति, जलवायु, त्यौहार, लोकगीत, बातचीत का विशिष्ट ढंग, मुहावरे, लोकोक्तियाँ, भाषा के उच्चारण की विकृतियाँ, लोगों की स्वभावगत व व्यवहारगत विशेषताएँ, उनका अपना रोमांस, नैतिक मान्यताओं आदि का समावेश बड़ी सतर्कता और सावधानी से किया जाता है।" अंग्रेज़ी भाषा के आरम्भिक आंचिलक उपन्यासकारों में अंग्रेज़ी लेखिका मारिया एडवर्ड का नाम लिया जाता है। 1926 में प्रकाशित शिवपूजन सहाय की कृति 'देहाती दुनिया' में भोजपुरी जनपद के एक अंचल का मनोहारी चित्रण हुआ है। इसे हिंदी का प्रथम आंचिलक उपन्यास कहा जा सकता है। 1954 में रेणु के 'मैला आँचल' के प्रकाश्न के बाद ही हिंदी में एक स्वतंत्र प्रवृत्ति के रूप में आंचिलक उपन्यास की चर्चा आरम्भ हुई, नागार्जुन के 'बलचनमा' में आंचिलकता का पहली बार कलात्मक समावेश हुआ है। उदयशंकर भट्ट के उपन्यास 'लोक परलोक' में पश्चिमी उत्तर प्रदेश के तीर्थ ग्राम का मर्मस्पर्शी चित्रण हुआ है। रांगेय राघव के उपन्यास 'कब तक पुकारूँ'(1957) में राजस्थान और ब्रज की सीमा पर बसे गाँव के नटों का चित्रण किया गया है। इस उपन्यास में आंचिलकता के चित्रण के लिए क्षेत्र की सजीव भाषा का भी सहारा लिया गया है जिसमें खड़ी बोली हिंदी में ब्रजभाषा के शब्दों की बहुतायत है।
